TH

Dear Huu-Phuc,

Thank you for expressing interest in ETAPS 2019.

Congratulations on being accepted as a ETAPS student volunteer. To confirm, you need to complete the following steps:

- Go to this form: <https://docs.google.com/forms/d/1GOEr8UJnEnW-1ngwELyo3Rxa8woG3yyYs2pI0Xjx0z0> and confirm your availability no later than Friday, 22nd February 2019. If you don't confirm by this date, we will offer your spot to someone else.
- Once you confirm your attendance, we will email you **registration code** which you can use to **register for the conference and two days of workshop without cost** (including the banquet).

As the conference approaches, you will receive email with further instructions towards your SV duties.

In case you need to apply for a Visa, or have concerns about travelling to Prague, see <https://conf.researchr.org/attending/etaps-2019/travel> for more information on how to proceed.

We are delighted to inform you that your application to the ETAPS Mentoring Workshop has been accepted. Note that this is a closed workshop. If you have a schedule change or a change of hearts, please inform us immediately so that we can give out your spot to someone else.

The final program of the Workshop can be seen here:
<https://conf.researchr.org/track/etaps-2019/etaps-2019-ETAPS-Mentoring-Workshop#program>

Note that it was previously stated that the Workshop starts on the evening of April 6 with a welcoming lecture. This lecture has since moved to April 7, and there are no requirements for your presence on the evening of April 6.

During the day, there will be several slots for group work in conjunction with coffee breaks and lunch breaks during which you will be paired together with other students on a shared project. The final outcomes of the projects will be showcased and presented to senior researchers who will feedback.

You applied for an ETAPS scholarship to provide funding for attending the conference, unfortunately our resources were quite limited and we are not able to provide you with financial assistance.

Kind regards,
Jan Vitek for the ETAPS Organizers
